

Carl Albert State College to Northeastern State University
Smart Choice 4-Year Plan of Study
Associate of Arts in Business Administration
Bachelor of Business Administration (Supply Chain Management)

The Supply Chain major prepares the student for a dynamic position in a rapidly changing global economy. With responsibilities ranging from raw material acquisition to finished product distribution, supply chain managers are required to control costs and increase quality while maximizing profits in an interdisciplinary environment. Working across all interdependent functions within an organization, and all external organizations involved in the process of making a product or service available for use or consumption, supply chain management is the identification, acquisition, access, positioning and management of resources an organization requires, or anticipates they will, in order to meet their strategic goals. In today's global economy supply chain management functions in concert with finance, manufacturing, marketing, and human resources to establish timely delivery of raw material, semi-finished, and finished product and services that fulfill customers expectations. As a supply chain management professional your impact to a company's profitability and operational success is directly proportional to your responsibility for spending authorization, which in many companies exceeds 50 percent of gross revenue. Transferring to NSU is a seamless process. Although you can transfer to NSU at any time in your academic career, the smoothest transition occurs if you have earned or will earn an AA in Business Administration from CASC. This milestone will also meet your general education requirements at NSU (unless it is a specific NSU requirement for you to graduate). Within your AS, make sure you complete the following classes because they are admission requirements to the BBA program: ENGL 1113, ENGL 1213, MATH 1513, and CS 1103, all with a grade of "C" or better.

How do my CASC classes transfer to NSU? Every class that you have taken at CASC will transfer to NSU. Each class will count in one of the following categories that make up a bachelor's degree: general education, major, minor, or free elective. You probably already know about general education and major classes but minors and free electives are unique to bachelor's degrees. A minor is 18 hours from an academic area of your choice and it is designed to compliment your major. A minor is not necessary for the BBA degree, however, if you choose to pursue a minor your advisor will help you determine your minor and the classes you will take to complete it. Free electives are extremely flexible and can be selected from any academic area. They allow you to explore your academic interests outside of your major while counting toward the 124 hours you need to graduate. Most degree programs at NSU allow for some free electives. If you completed a class at CASC that does not meet one of the other specific requirements, it will count in this category, up to the first 64 hours. If you have completed more than 64 hours at the associate degree level, all courses will transfer to NSU, but only 64 hours will apply to your degree. This is because you must have 60 hours from a four-year institution to meet state requirements for graduation with a baccalaureate degree

For admission to the BBA Program, students must have completed (45) credit hours with a minimum GPA of 2.25. Included in these 45 hours must be ENGL 1113, ENGL 1213, and MATH 1513 with a grade of "C" or better as well as completing all required business courses with a "C" or better. Satisfactory completion of CS 1103 is also required. In addition ACCT 2103, ACCT 2203, ECON 2113 and ECON 2213 must be completed with a 2.25 average. Students failing to meet these admission requirements will be limited in the business classes they may take until all requirements are completed. Students in all CBT programs must read and sign the CBT Code of Conduct. The Code of Conduct may be found on the CBT web site. <http://academics.nsuok.edu/businesstechnology/CBTHome.aspx>

What it takes to complete a BBA from NSU. If you don't complete your AA at CASC, you will need to meet NSU's specific general education requirements. You must have at least 124 hours completed to earn a BBA. Of those hours, 60 must be from a university (4 year school), 40 must be junior and senior (3000/4000) level, 21 hours of the business core, including MGMT 4213, must be from NSU, and half of the hours in your major must be from NSU. You must also be both English and computer proficient. This means that you must pass English Comp I & II (ENGL 1113 & ENGL 1213) with a "C" or better and successfully complete Microcomputer Applications (CS 1103). Therefore, when you transfer to NSU, you will likely need to complete around 60 more hours in order to earn your BBA.

When can you start taking NSU classes? You can begin taking classes at NSU while you are completing your AA at CASC. This is called dual enrollment, many students do this each semester. Consult an NSU academic advisor and a financial aid counselor to see how dual enrollment can work for you.

Carl Albert State College to Northeastern State University
Smart Choice 4-Year Plan of Study
Associate of Science in Business Administration
Bachelor of Business Administration (Supply Chain Management)

Freshman Year at CASC

Fall Semester	Spring Semester
ENG 1113 Freshman Comp I	ENG 1213 Freshman Comp II
