Dear Retiree,

Your employer group or plan sponsor has selected UnitedHealthcare® to offer prescription drug coverage for all eligible retirees. We believe you should have more than just a good insurance plan to help maintain your health and well-being. We want to work with you to help you live a healthier life.

We want to:

- Give you tools and resources to help you be in more control of your health
- Try to help you find ways to save money, so you can spend more on what matters most to you

In this book you will find:

- A description of this plan and how it works
- Information on benefits, programs and services — and how much they cost
- What you can expect after you enroll

Your 2018 plan information will be available online. Go to the website above and click “Download your plan materials.” You will need your Group Number found on the front cover of this book to access your materials.

How to enroll.

Your former employer or plan sponsor will provide additional information before you enroll in the plan.

Take advantage of healthy extras.

Tier 4: Specialty tier	50% coinsurance, with a \$95 maximum	50% coinsurance, with a \$190 maximum
Coverage gap stage	After your total drug costs reach \$3,750, the plan continues to pay its share of the cost of your drugs and you pay your share of the cost	
Catastrophic coverage stage	After your total out-of-pocket costs reach \$5,000, you will pay a \$0 copay	

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare.

Retiree plan prospects must meet the eligibility requirements to enroll for group coverage. This information is not a complete description of benefits. Contact the plan for more information. Limitations, copayments, and restrictions may apply. Formulary, pharmacy network, premium and/or copayments/coinsurance may change each plan year.

UNITEDHEALTHCARE MedicareRxSM FOR GROUPS (PDP)

Your employer group or plan sponsor has selected a UnitedHealthcare MedicareRxSM for Groups (PDP) plan for your prescription drug coverage. This is a plan designed just for an employer group or plan sponsor, like yours. Only eligible retirees of your employer group or plan sponsor can enroll in this plan. This plan is also known as a Medicare Part D plan.

Original Medicare (Parts A and B) helps pay for some of the costs of hospital stays and doctor visits, but it doesn't cover prescription drugs. Medicare Part D plans help with prescription drug costs. You can get Part D coverage through a private insurance company, like UnitedHealthcare.[®]

The UnitedHealthcare MedicareRxSM for Groups (PDP) plan could help you save time and money when it comes to your prescription drugs.

Make sure you are signed up for Medicare.

You must be entitled to Medicare Part A or enrolled in Medicare Part B to be eligible to enroll in this plan.

- If you're not sure if you are enrolled, check with your local Social Security office. To find an office where you live, visit www.ssa.gov/locator or call **1-800-772-1213**, TTY **1-800-325-0778**, between 7 a.m. – 7 p.m. local time, Monday – Friday.
- If you are enrolled in Part B, you need to continue to pay your Part B monthly premium to Social Security to keep your Part B coverage. If you stop paying your Medicare Part B premium, you will be disenrolled from Medicare Part B and this could affect your medical coverage.

When to enroll in a Medicare Part D plan:

- **You turn 65 or become Medicare eligible.** This is your Initial Enrollment Period. It's your first chance to enroll in Medicare Part D.
- **You need a Medicare Part D plan but have never had one before.** Or, you want to change to a different group-sponsored plan. Enroll during the annual Open Enrollment Period for your employer group or plan sponsor.
- **You retire and move out of a different group-sponsored plan.** Or, you move out of the plan's service area. These are examples of Special Election Periods that may happen for various reasons.

HOW GROUP MEDICARE PART D PLANS WORK WITH OTHER COVERAGE

Medicare has certain rules about what types of coverage you can have either as an addition to or combined with a Group-sponsored Medicare Part D prescription drug plan.

1

Rule 1: One plan at a time.

You may be enrolled in only one Medicare Part D prescription drug plan at a time. This means you may have one Medicare Part D plan or one Medicare Advantage plan that includes prescription drug coverage, but not both. The plan you enroll in last is the plan that Centers for Medicare & Medicaid Services (CMS) considers to be your final decision. If you enroll in another plan with prescription drug coverage after your enrollment in this group-sponsored plan, you will be disenrolled from this UnitedHealthcare® Group Medicare Part D prescription drug plan. Any family members will also be disenrolled from their group-sponsored coverage and you and your family may not have drug coverage through your plan sponsor or employer group.

Remember: If you drop or are disenrolled from your group-sponsored retiree drug coverage, you may not be able to re-enroll. Limitations and restrictions vary by employer group or plan sponsor.

2

Rule 2: You must have “like” coverage.

Your Medicare Part D plan includes only drug coverage. It does not include health care coverage. You are transitioning to a group-sponsored Medicare Part D prescription drug plan, so if you want medical coverage, you may have other options. If you are interested in a Medicare Advantage plan, it must also come through a group, like your employer group or plan sponsored Part D prescription drug plan or you may be disenrolled from this group-sponsored prescription drug plan.

PRESCRIPTION DRUG COVERAGE PLAN BASICS

How your prescription drug coverage works.

Your Medicare Part D prescription drug coverage includes thousands of brand name and generic prescription drugs. Check the complete drug list online or the partial drug list in this book to see if your drugs are covered.

What pharmacies can I use?

You can choose from over 68,000 national, regional, local chains and independent neighborhood pharmacies.

What is a drug cost tier?

Drugs are divided into different cost levels, or tiers. In general, the higher the tier, the higher the cost of the drug.

What will I pay for my prescription drugs?

What you pay will depend on the coverage your employer group or plan sponsor has arranged. Your exact cost may depend on what drug cost tier your prescription belongs to. Your cost may also change during the year based on the total cost of the prescriptions you have filled.¹

**EASY ACCESS

¹To learn more about your coverage, please refer to your Benefit Highlights or your Summary of Benefits.

PRESCRIPTION DRUG COVERAGE PLAN BASICS

What is IRMAA?

The Income-Related Monthly Adjustment Amount (IRMAA) is an amount you may need to pay in addition to your monthly plan premium if your modified adjusted gross income on your IRS tax return from two years ago is above a certain limit. This extra amount is paid directly to Social Security, not to your plan. Social Security will contact you if you have to pay IRMAA.

What is a Medicare Part D Late Enrollment Penalty (LEP)?

Most people first become eligible for Medicare when they turn 65. This is your Initial Enrollment Period. If, at any time after you first become eligible for Part D, there's a period of at least 63 days in a row when you don't have Part D or other creditable prescription drug coverage, a penalty may apply. Creditable coverage is prescription drug coverage that is at least as good as or better than what Medicare requires. The late enrollment penalty is an amount added to your monthly Medicare premium and billed to you separately by UnitedHealthcare.

When you become a member, your employer group or plan sponsor will be asked to confirm that you have had continuous Part D coverage. If your employer group or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty. Once you become a member, more information will be available in your Evidence of Coverage (EOC), which you will get in your Welcome Packet.

Call Medicare to see if you qualify for Extra Help.

If you have a limited income, you may be able to get Extra Help from Medicare. If you qualify, Medicare could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

HOW YOUR PRESCRIPTION DRUG COVERAGE WORKS

The price you pay for a covered drug will depend on two factors:

The drug cost tier for your drug.

Each covered drug is assigned to a tier. Generally, the lower the tier, the less you pay.

Tier	Cost	Description
Tier 1	Low	Includes most generic prescription drugs.
Tier 2	↑	Includes many common brand name drugs and some higher-cost generic prescription drugs.
Tier 3		Includes non-preferred generic and non-preferred brand name drugs.
Tier 4 (Specialty)	High	Includes unique or very high-cost drugs.

Your Medicare drug payment stages.

Annual deductible: If your plan has a deductible, you pay the total cost of your drugs until you reach the deductible amount set by your plan. Then you move to the initial coverage stage. If you don't have a deductible, your coverage begins in the initial coverage stage.

Initial Coverage	Coverage Gap (Donut Hole)	Catastrophic Coverage
<p>In this drug payment stage:</p> <ul style="list-style-type: none"> You pay a copay or coinsurance (percentage of a drug's total cost) and the plan pays the rest You stay in this stage until your total drug costs reach \$3,750 	<p>Your plan provides additional coverage through the gap.</p> <ul style="list-style-type: none"> You continue to pay the same copay or coinsurance as you did in the initial coverage stage You stay in this stage until your total out-of-pocket costs reach \$5,000 	<p>After your total out-of-pocket costs reach \$5,000:</p> <ul style="list-style-type: none"> You pay a small copay or coinsurance amount You stay in this stage for the rest of the plan year

Total Drug Costs: The amount you pay (or others pay on your behalf) and the plan pays for prescription drugs starting January 2018. This does not include premiums.

Out-of-Pocket Costs: The amount you pay (or others pay on your behalf), including the deductible, for prescription drugs starting January 2018. This does not include premiums.

WAYS TO SAVE ON YOUR PRESCRIPTION DRUGS

You could save on the medications you take regularly.

If you prefer the convenience of mail order, you could save time and money by receiving your maintenance medications through OptumRx® Home Delivery. You'll get automatic refill reminders and access to licensed pharmacists if you have a question.

Get a 90-day¹ supply at retail pharmacies.

In addition to OptumRx® home delivery, most retail pharmacies offer 90-day supplies for some prescription drugs.

Check your UnitedHealthcare pharmacy directory to see if a retail pharmacy offers 90-day supplies noted with a  symbol. An online pharmacy directory is available at www.UHCRetiree.com

To request a printed directory, call Customer Service toll-free at: **1-877-558-4749**, TTY **711**, 8 a.m. - 8 p.m. local time, 7 days a week

Ask your doctor about trial supplies.

A trial supply allows you to fill a prescription for less than 30 days. This way you can pay a reduced copay or coinsurance and make sure the medication works for you before getting a full month supply.

Explore lower cost options.

Each covered drug in your drug list is assigned to a drug cost tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to ask your doctor if there's a lower-tier drug you could take instead.

Have an annual medication review.

Make an appointment to have an annual medication review with your doctor, to make sure you are only taking the drugs you need.

¹Your employer group or plan sponsor may provide coverage beyond 90 days. Please refer to the Benefit Highlights or Summary of Benefits for more information.

The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare.

About this plan.

UnitedHealthcare® MedicareRxSM for Groups (PDP) is a Medicare Prescription Drug Plan plan with a Medicare contract.

To join UnitedHealthcare® MedicareRxSM for Groups (PDP), you must be entitled to Medicare Part A, and/or be enrolled in Medicare Part B, live in our service area as listed on the cover be a United States citizen or lawfully present in the United States and meet the eligibility requirements of your former employer, union group or trust administrator (plan sponsor).

Use network pharmacies.

UnitedHealthcare® MedicareRxSM for Groups (PDP) has a network of pharmacies. If you use out-of-network pharmacies, the plan may not pay for those drugs or you may pay more than you pay at an in-network pharmacy.

You can go to www.UHCRetiree.com to search for a network pharmacy using the online directory. You can also view the plan formulary (drug list) to see what drugs are covered, and if there are any restrictions.

UnitedHealthcare® MedicareRxSM for Groups (PDP)

Premiums and Benefits	Cost-Share
Monthly Plan Premium	Contact your group plan benefit administrator to determine your actual premium amount, if applicable.
Annual Prescription Drug Deductible	This plan does not have a deductible.

Prescription Drugs

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

Your plan sponsor has chosen to make supplemental drug coverage available to you. This coverage is in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by both your Part D prescription drug benefit and your supplemental drug coverage. Once you are enrolled in this plan, you will receive a separate document called the “Certificate of Coverage” with more information about this supplemental drug coverage.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.

Stage 1: Annual Prescription Deductible	Since you have no deductible, this payment stage doesn't apply.	
Stage 2: Initial Coverage (After you pay your deductible, if applicable)	Retail Cost-Sharing	Mail Order Cost-Sharing
	One-month supply	Three-month supply
Tier 1: Preferred Generic	\$10 copay	\$20 copay
Tier 2: Preferred Brand, (Includes some Generics)	25% coinsurance, with a \$45 copay maximum	25% coinsurance, with a \$90 copay maximum
Tier 3: Non-Preferred Drugs, (Includes some Generics)	50% coinsurance, with a \$95 copay maximum	50% coinsurance, with a \$190 copay maximum
Tier 4: Specialty Tier	50% coinsurance, with a \$95 copay maximum	50% coinsurance, with a \$190 copay maximum
Stage 3: Coverage Gap Stage	After your total drug costs reach \$3,750, the plan continues to pay its share of the cost of your drugs and you pay your share of the cost.	
Stage 4: Catastrophic Coverage	After your total out-of-pocket costs reach \$5,000, you will pay a \$0 copay.

Drug list

2018 Drug list

This is a partial alphabetical list of prescription drugs covered by the plan. This is not a complete list of the drugs we cover. Please call Customer Service for more information or for a complete list of covered drugs. Our contact information is on the cover of this book.

- **Brand name** drugs are in **bold** type. Generic drugs are in plain type
- Each covered drug is in 1 of 4 cost-sharing tiers
- Drug tier description:
 - Tier 1: Preferred generic
 - Tier 2: Preferred brand
 - Tier 3: Non-preferred drug
 - Tier 4: Specialty tier
- Each tier has a copay or coinsurance amount
- For a description of the tiers, see the Summary of Benefits in this book
- Some drugs may have coverage rules or limits on the amount you can get

PA Prior authorization	The plan requires you or your doctor to get prior approval for certain drugs. This means the plan needs more information from your doctor to make sure the drug is being used and covered correctly by Medicare for your medical condition. Certain drugs may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs) depending on how it is used. If you don't get prior approval, the plan may not cover the drug.
QL Quantity limits	The plan will cover only a certain amount of this drug for 1 copay or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.
ST Step therapy	There may be effective, lower-cost drugs that treat the same medical condition as this drug. You may be required to try 1 or more of these other drugs before the plan will cover your drug. If you have already tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan to cover this drug.
B/D Medicare Part B or Part D	Depending on how this drug is used, it may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs). Your doctor may need to provide the plan with more information about how this drug will be used to make sure it's correctly covered by Medicare.

Y0066_170620_105623

HRM High-risk medication	This drug is known as a high-risk medication (HRM) for Medicare members 65 and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.
LA Limited access	Drugs are considered “limited access” if the FDA says the drug can be given out only by certain facilities or doctors. These drugs may require extra handling, provider coordination or patient education that can’t be done at a network pharmacy.
MED Morphine equivalent dose	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional edit is called a cumulative morphine equivalent dose (MED). The MED is calculated based on the number of opioid drugs prescribed for you over a period of time. This cumulative limit is required for all plans and is designed to monitor safe dosing levels of opioids for those individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

HERE'S WHAT YOU CAN EXPECT NEXT

UnitedHealthcare® will process your enrollment.

This chart shows you what we'll be sending and how we'll be contacting you in the coming months.

Material Name	Description	Delivery Method
Member ID Card	Watch for your UnitedHealthcare Member ID card in the mail.	
Welcome Packet	Once you're enrolled in the plan, you will get a Welcome Packet to review.	
Website Access	After your coverage effective date, you can register online at the website listed below to get access to all your plan information.	

Start using your plan on your effective date. Remember to use your member ID card.

We're here for you.

When you call, be sure to let the Customer Service advocate know that you are calling about a group-sponsored plan. In addition, it will be helpful to have:

Your group number on the front of this book

Name and address of your pharmacy

Medicare claim number and Medicare effective date — you can find this on your red, white and blue Medicare card

Please have a list of your current prescriptions and dosages ready

You can reach us online, anytime.

Statements of UNDERSTANDING

By enrolling in this plan, I agree to the following:

UnitedHealthcare® MedicareRx for Groups (PDP) is a Medicare Prescription Drug plan and has a contract with the federal government.

This prescription drug coverage is in addition to my coverage under Medicare. I need to keep my Medicare Part A or Part B, and I must continue to pay my Medicare Part B premium if not paid for by Medicaid or a third party.

I can only be in one Prescription Drug Plan at a time.

- By enrolling in this plan, I will automatically be disenrolled from any other Medicare Part D Prescription Drug Plan.
- If I have prescription drug coverage or if I get it from somewhere other than this plan, I will inform UnitedHealthcare.
- Enrollment in this plan is generally for the entire plan year. I may leave this plan only at certain times of the year or under special conditions.

I may have to pay a late enrollment penalty for Medicare's prescription drug coverage.

This applies if I did not sign up for and maintain creditable prescription drug coverage when I first became eligible for Medicare, or if I leave this plan and don't have or get other prescription drug coverage. If I have a late enrollment penalty, I will get a letter making me aware of the penalty and what the next steps are.

UnitedHealthcare MedicareRx for Groups (PDP) is available in all U.S. states, the District of Columbia and all U.S. territories.

I understand that I must use network pharmacies except in an emergency when I cannot use the plan's network pharmacies.

I will get a Welcome Guide that includes an Evidence of Coverage (EOC).

- The EOC will have more information about the drug coverage offered by the plan, as well as the terms and conditions.
- I have the right to appeal plan decisions about payment or services if I disagree.

My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.

Medicare may also release my information for research and other purposes that follow all applicable Federal statutes and regulations.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare.
