

# The Outcomes Survey

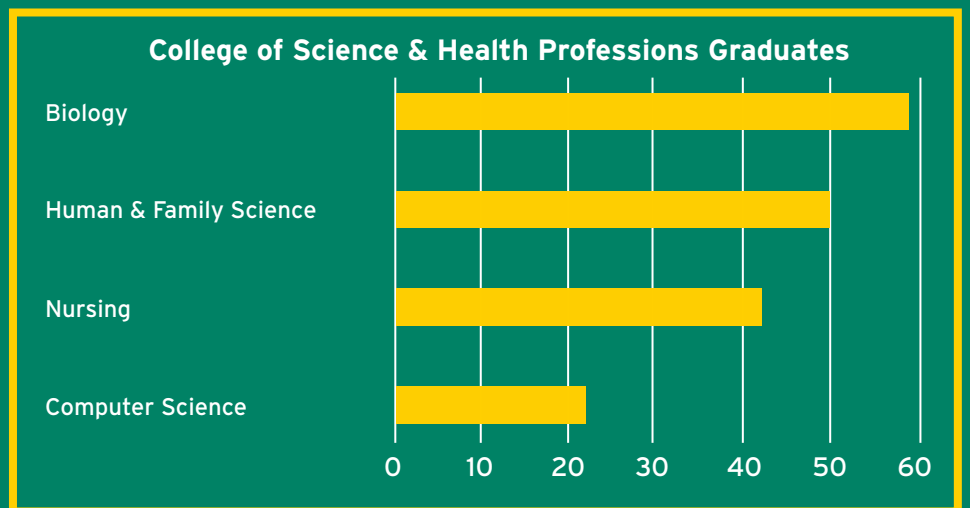

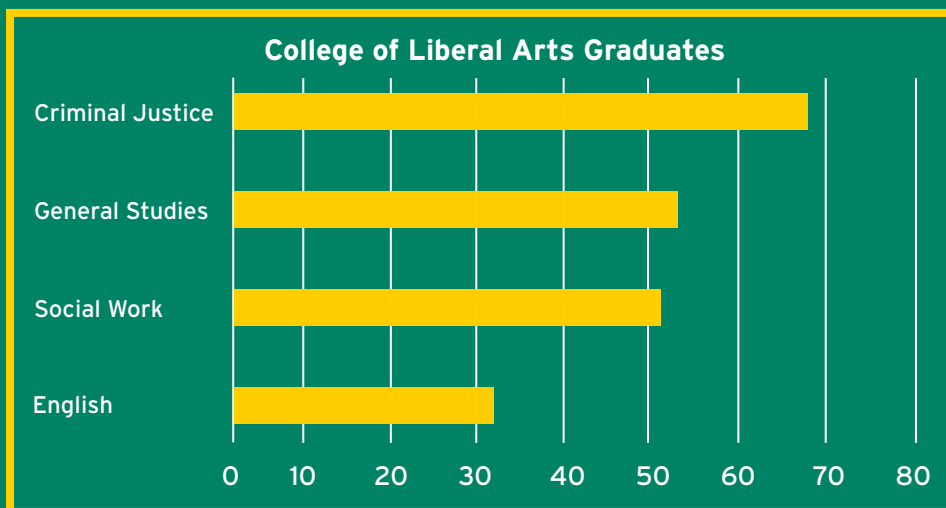

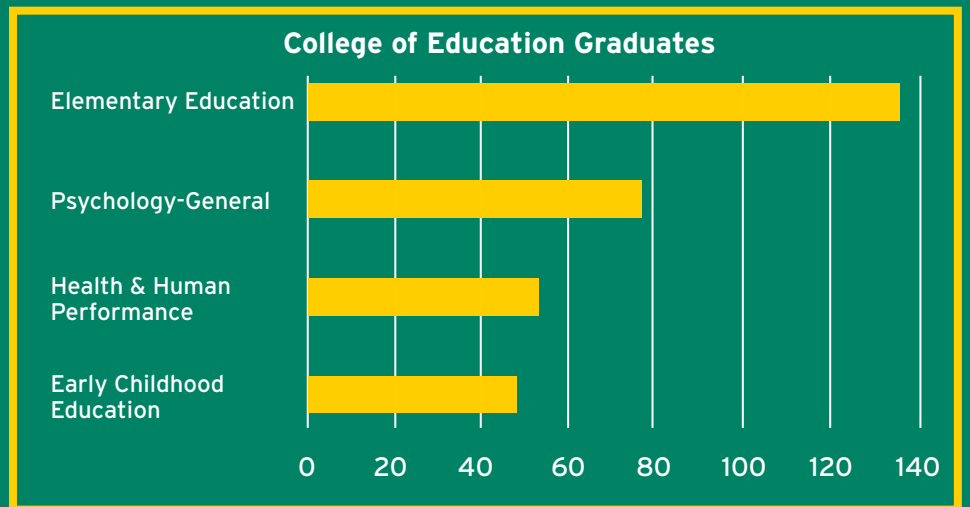

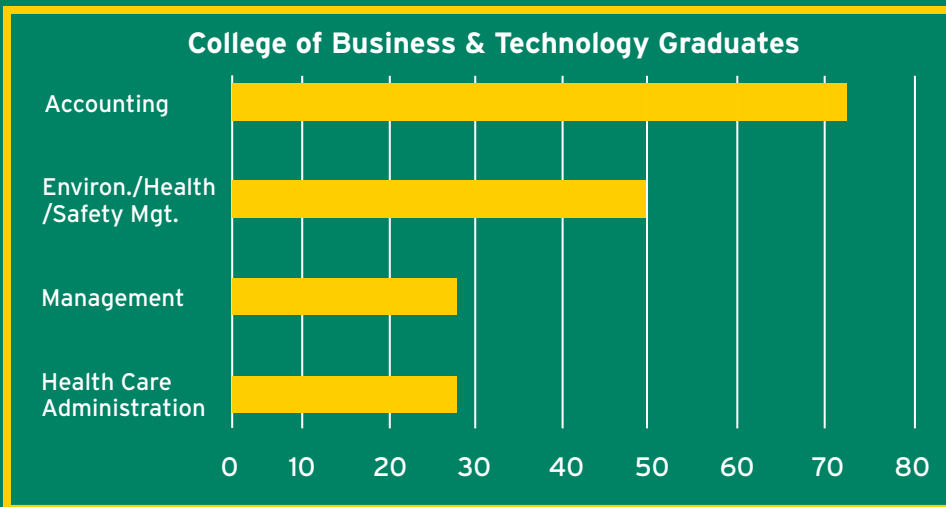

## Fall 2014 and Spring 2015

88%

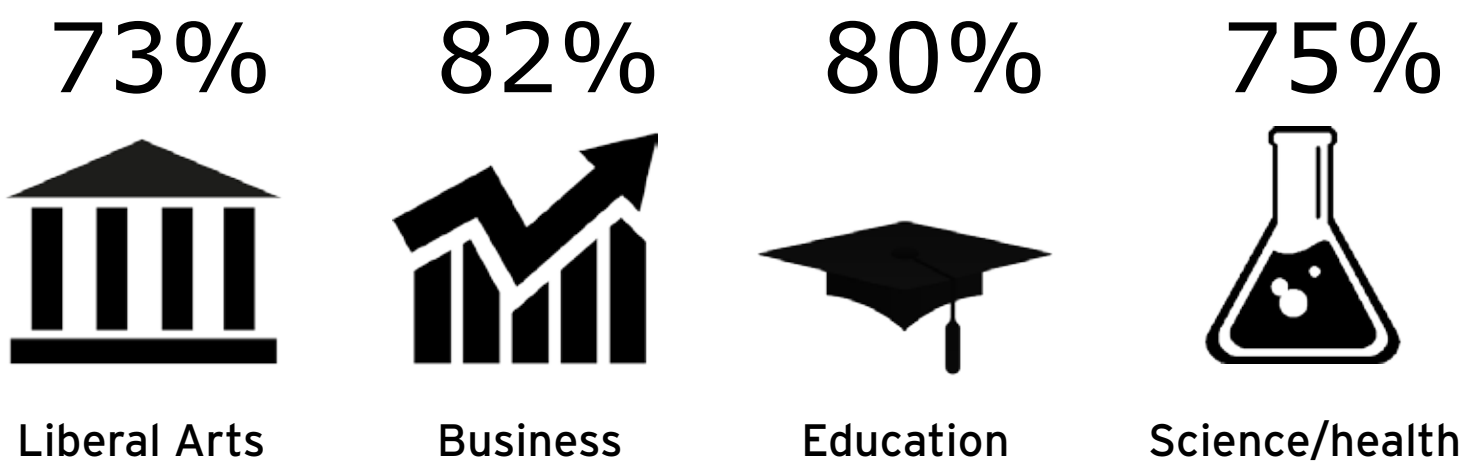

of respondents are either employed or seeking additional education.

## Top 4 Majors by College

## Employment Status By College

This collected data provides prospective and current students with a snapshot of the benefits and opportunities a degree from NSU can provide. The purpose of this study goes beyond recruitment as it gives the university's colleges a real-time reflection of an ever-changing economic landscape in order to better tailor programs to maintain the reputation of NSU graduates as competitive, competent, and well prepared.
