*Beginning with the Fall 2015 semester, SOSC 4023 will be offered in the fall semester only. Students MUST seek advisement to take this course and the courses that accompany it in the correct sequence. Ordinarily, this course is taken during the semester prior to the full intern teaching semester, but that will no longer be true for all majors since this course is being offered in the fall semester only. Students MUST seek advisement throughout this major to avoid problems that may occur with this course and others that are offered in the fall semester only or the spring semester only.

A limited number of classes may be offered during the summer sessions and in the evening. This sequence is subject to change without notice due to unanticipated developments. Student is advised to obtain a revised copy each August from the Department of Social Sciences. Updated September 2014
