November 14

Last day to withdraw from 16 week classes

December 10-14

Finals Week

January 15

Spring Graduation Application Due

Academic Advisor & Faculty Mentor

Did you know that you have an Academic Advisor AND a Faculty Mentor? Both resources are listed on your Degree Works audit.

What's the difference?

Your **Academic Advisor's** goal is to keep you on track toward graduation. We can assist you with:

- Major Requirements
- Progress towards degree
- Course Selection
- Enrollment
- Academic policies
- University policies
- Campus & Academic resources

Your **Faculty Mentor** can assist you with:

- Expanding knowledge within your major
- Career exploration and advice
- Internship opportunities
- Research opportunities
- Future academic pursuits
- Graduate programs

Transcripts from Other Schools

Have you recently taken a class at another college? Make sure that you get an updated transcript from that college turned into NSU as soon as possible. If your transcript is not up to date, a hold will be placed on your account that prevents you from adding or dropping courses for fall and spring.

Holds on your Account

Holds on your account can prevent you from adding/dropping courses for the current or upcoming semester! To check and see if you have any holds, go to the "Students" tab at the top of your goNSU account, then look for the "View Holds" link.

Schedule a Spring 2019 enrollment appointment with your advisor soon!
