

Science and Technology Seminar Series

- Jan 26 Vitamin A Derivatives as Treatments for Lymphoma
Lance Bridges
Department of Biochemistry, Molecular and Cell Sciences, Arkansas Colleges of Health Education
Zoom Meeting: <https://nsuok.zoom.us/j/92961019640>
- Feb 9 Prairie biodiversity in a warmer and drier world
Lara Souza
Department of Microbiology & Plant Biology; Oklahoma Biological Survey, Univ of Oklahoma
Zoom Meeting: <https://nsuok.zoom.us/j/96398748424>
- Mar 9 How blood flow forces influence growth of the cardiovascular system
Ryan Udan
Department of Biology, Missouri State University; MD Anderson Cancer Center
Zoom Meeting: <https://nsuok.zoom.us/j/99253816809>
- Mar 23 New Roots for Fallowed Ground: Can Sustainable Perennial Grains
Agriculture be Achieved?
Ebony Murrell
Crop Protection Ecologist. The Land Institute
Zoom Meeting: <https://nsuok.zoom.us/j/98620107353>
- Mar 30 Mfge8/integrin pathway in metabolic diseases: Opportunities from
gene discovery to biomarker identification
Dharambir Sanghera
Department of Pediatrics, Genetics Section, University of Oklahoma College of Medicine
Zoom Meeting: <https://nsuok.zoom.us/j/93326136564>
- Apr 13 In Search of Ringed Salamanders (*Ambystoma annulatum*): Biology,
Ecology, and Conservation
Brian Becker
Department of Biology, University of Arkansas
Zoom Meeting: <https://nsuok.zoom.us/j/95414597010>
